

**IMPORTANT ANNOUNCEMENT FOR ALL HAJJ PILGRIMS
REGARDING MANDATORY USE OF THE SAUDI VISA BIO APPLICATION**

As per the instructions issued by the Ministry of Hajj & Umrah (MoH&U), Kingdom of Saudi Arabia, the Saudi Visa Bio application is mandatory for every pilgrim who wishes to perform Hajj. All pilgrims must complete this biometric procedure in order for their Hajj visa to be processed successfully.

Please read the following important points carefully:

1. Mandatory Requirement

- The Saudi Visa Bio application must be used by every pilgrim without exception.
- Without completing this biometric process, your Hajj visa cannot be further executed or processed.

2. Procedure Through Mobile Device

- The entire biometric process can be completed using your mobile device.
- Some applicants may complete the procedure quickly, while others may take longer depending on mobile performance, lighting, camera quality, or personal verification steps.
- Please ensure your mobile is updated, has a good camera, and has stable internet connectivity.

3. Pilgrims With Medical Conditions

- Pilgrims facing medical conditions such as:
 - Eczema, Psoriasis, Severe diabetes-related finger issue, Missing fingers
 - Any condition that makes fingerprinting difficult
 - can still complete the process by providing a valid medical certificate.

4. Embassy / Consulate Submission for Special Cases

- Pilgrims with the above medical conditions should be mentally prepared that their visa case will be moved to the "Send to Embassy" process.
- This is a normal routine procedure and will be handled at our end.
- Final biometric approval will be done by the Saudi Consulate or Embassy in Pakistan.

5. Guidance for Using the Application

To help you complete the biometric process smoothly, we are sharing:

- Step-by-step instructions on how to install and use the Saudi Visa Bio application.
- Complete guidelines on how to capture face, fingerprints, and passport scans properly.
- Tips to ensure successful submission using your mobile phone.

6. Please Follow All Instructions

- These steps are issued by MoH&U KSA and must be followed strictly.
- Early completion of your biometrics will prevent delays in your Hajj visa processing.

Very Important:

The Saudi Visa Bio application can only be used in Pakistan. If your mobile location/region is set outside Pakistan, please change it to Pakistan first, and then use the application.
